

**DeGraff Stables, Inc.**  
**2012 "Share the Future" Program**

Dear Breeder,

It is difficult, if not impossible, to predict which stallions will be successful sires. We are offering three young and exciting stallions for the 2012 breeding season for your consideration; *DGS IndyGo*, *DGS Vestastic* and *PR Tells A Tale*! Each represents exceptional and proven genetics.

Our young stallions while lightly shown, or unshown, display the solid conformation traits that are so desired in modern pleasure horses. In our daily dealings with them, they exhibit adaptable and willing minds to go with the movement that is sought after in the show pen.

A long-time AQHA leading breeder advises us that when you are making mating selections, that 'you are breeding to the whole family, not just the individual.' We find the truth in this statement as it relates to the pedigrees of *DGS IndyGo*, *DGS Vestastic* or *PR Tells A Tale*. Each pedigree is packed with performers and producers plus siblings that have won at the highest levels of our sport.

Join us in 2012 and take some of the gamble out of breeding to a young and as yet un-proven sire by participating in our "Share the Future" Program! We offer the following for *DGS IndyGo*, *DGS Vestastic* or *PR Tells A Tale*:

1. In 2012, purchase a Futurity or Donated Breeding, or a standard breeding from DeGraff Stables. Pay \$500 prior to breeding to cover the Booking Fee and your first Standard Shipment or provide for your On-Farm Insemination. Standard fees apply for additional shipments.
2. Pay the balance of the breeding fee (according to the fees of the 2012 contract) in 2013, due within 30 days after your foal stands and nurses. Upon receipt of the payment balance your Breeders Certificate(s) will be released.
3. The Breeder will receive Lifetime Half-Priced Breeding Rights which INCLUDES the booking fee. Standard shipping and/or on-farm breeding fees in effect at the time will apply.
4. In future years, the mare offered for breeding must be owned or leased by Breeder on Stallion's original 2012 Contract. Breedings are not transferrable.
5. Offer is void if stallion dies, becomes unable/unsuitable to breed, or, is out of service.
6. Offer has no cash value.

That's it! Your half-priced breeding right begins in 2013 and continues throughout the breeding life of the stallion! Imagine the future!

Contact us today! Book early to reserve your space in our dynamic, new "Share the Future" Program for *DGS IndyGo*, *DGS Vestastic* or *PR Tells A Tale*!

Sincerely,  
Robin DeGraff
